**About Romspen**

With its origins in the mid-60's, Romspen is one of the largest non-bank commercial/industrial mortgage managers in Canada. The Romspen Mortgage Investment Fund has a portfolio of \$2.9 billion, and invests primarily in short-term commercial mortgages throughout North America. Our investors include high net worth individuals, family offices, foundations, endowments and pension plans.

**Fund Objective**

Romspen's investment mandate is capital preservation, strong absolute returns and performance consistency. Over the past 25 years, annual net yields have ranged from 5.8% to 10.8% (average 9.0%), with consistent positive monthly performance proving Romspen's successful long-term track record.

## Recent Developments: 675 Veterans Memorial Pkwy - Orange City, Florida

**Loan Amount:** US\$ 9.1 million

**Term:** 12 Months

**Interest Rate:** 11%

**Interest Payment:** Monthly

Romspen provided a \$9.1 million bridge loan on a 64-bed memory care facility in Orange City, Florida that opened to residents at the end of 2018. The property was constructed at a total cost of \$15 million, not including initial operating costs funded by the borrower. This experienced operator was able to achieve steady net increases in occupancy from inception and successfully navigated the challenges of COVID-19. The property has been steadily gaining approximately 3% in monthly occupancy and is projected to be stabilized by the end of the year. In addition to the sizable cash equity investment, the loan is further secured by two additional unencumbered development sites.

### Notes:

Results shown are for Romspen Mortgage Investment Fund (the "Fund"), an Ontario trust, and are best efforts estimates, subject to confirmation at quarter end. Calculations of compound yields are net of Fund fees and expenses, and assume monthly reinvestment of distributions.

Market index information was obtained from publicly-available sources and is included to illustrate relative market performance for the periods indicated and not as a standard of comparison. The FTSE/TMX-STBI Short-term Bond Index (STBI) is a market capitalized weighted index of a diversified range of federal, provincial, municipal, and corporate bonds with terms to maturity of between one and five years; T-bills refers to the 1 year average yield of Canadian 3-month Treasury Bills and seeks to track the investment results of liquid securities; and the S&P/TSX Composite Total Return Index is a market-capitalization-weighted index of approximately 250 of the largest publicly-traded companies in Canada by market value. These are unmanaged, broadly based indices which differ in numerous respects from the anticipated portfolio composition of the Fund, do not reflect any management fees and assume reinvestment of income.
